About Me

Lawyer and Ph.D. in Administrative Law.
Consulting and Litigation.
Expert in Renewable Energy Permitting, Public Procurement, Beach Concessions, Hydroelctric Concessions, Environmental Law, Urban Planning and Construction Law.

Education

Master's degree in Law
Sapienza University of Rome 2015 - 2020
Graduated with honors (110 magna cum laude) with a thesis in Administrative Law.

Second level professional Master
Sapienza University of Rome 2021 - 2022
In May 2022, I discussed a thesis on Renewable Energy Communities, obtaining my second level professional master's degree in Environmental Law.

Ph.D. in Administrative Law 2022 - 2025
Roma Tre University
In July 2025 I obtained my Ph.D. in Administrative Law defending a thesis on Administrative Simplification for the Energy Transition

Post-doc fellowship 2025 - ongoing

Experience

Lawyer, internship and trainee lawyer
After passing the Bar Exam in 2022, I continued working primarily in the fields of Administrative Law, Energy and Public Waters Law.
I have gained significant experience in areas such as:

- incentive mechanisms for renewable energy,
- energy communities (RECs), and self-consumption,
- environmental authorizations for the development of RES plants such as hydropower, wind farms and PV.
